International Code Council Overview Video

4

Vision: Creating safe, affordable, and sustainable buildings and communities.

Mission: To provide the information, tools, and resources that members rely on, building safety professionals turn to, and the public trusts.

5

Building Safety Solutions

7

5

7

I-Codes®

A family of fifteen coordinated, modern building safety codes that help ensure the engineering of safe, sustainable and affordable structures.

I-Code® Adoption

- 50 States + District of Columbia
 - U.S. Territories
 - Federal Agencies
- Mexico
- Caribbean Region
- Central America
- Eastern Europe
- Middle East

8

Code officials, fire officials, architects, engineers, designers, and building safety professionals are all valued members of the Code Council who work together to create safer homes, buildings, and communities.

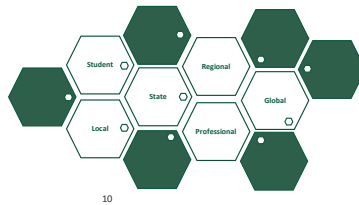

9

9

The Code Council is supported by more than 400 chapters around the world. They provide significant support for the code development process, I-Codes adoptions and other important Code Council initiatives.

Chapters are designated as regional, state, local, professional, student or global depending on the geographical area they serve and the nature of their membership.

10

Our family of solutions

11

Product Evaluation and Testing

The Code Council provides product testing, evaluation and certification. Our team of experts and technical engineers work to ensure build-related products, systems, materials, and methods are both safe and compliant with applicable codes and standards.

Services offered:

- Evaluation Report Program
- Building Products Listing Program
- PMG Listing Program
- Environmental Report Program
- Marketing Claim Verification Program
- ICC-SRCC Solar Listing
- ICC-SWCC Wind Turbine Listing
- Building Material Product Testing
- In-House Factory Quality Audits
- Fire / Flammability Testing

12

Software and Technology

The Code Council's innovative technology and software solutions simplify code research and record management, increase workflow efficiency, and integrate assets enabling the efficient development of safe and sustainable communities.

Software and Technology Solutions:

- Digital Codes Premium
- Codification services
- Community Development Solutions
- Remote Virtual Inspections
- Seismic and Structural Codes and Standards Programs

13

Accreditation

As an independent third party, the International Accreditation Service accredits testing and calibration laboratories, inspection agencies, building departments, fabricator inspection programs and special inspection agencies.

Our accreditation programs meet several international standards (ISO, IEC, etc.) and verify that organizations are competent and comply with requirements.

14

14

Consulting

Code Council Consulting Services provides the most trusted and comprehensive codes and standards consulting service available, covering all aspects of the building construction industry.

Our experts can support a variety of requests related to the most current and past editions of model codes and standards, making the process of understanding and applying codes and standards simple.

Services Offered:

- Exclusive code support
- Expertise
- Strategies to improve efficiency
- Global guidance

SECTION 601 - GENERAL

601.1 Scope. Duct systems used for the movement of air in air conditioning, heating, ventilating and exhaust systems shall conform to the provisions of this chapter except as otherwise specified in Chapters 5 and 7.

Exception: Ducts discharging combustible material directly into any combustion chamber shall conform to the requirements of NFPA 52.

[B] 601.2 Air movement in egress elements. Corridors shall not serve as supply, return, exhaust, relief or ventilation ducts.

Exceptions:

1. Use of a corridor as a source of makeup air for exhaust systems in rooms that open directly into such corridors, including toilet rooms, bathrooms, dressing rooms, smoking lounges and janitor closets, shall be permitted, provided that each such corridor is directly supplied with outdoor air at a rate greater than the rate of makeup air taken from the corridor.
2. Where located within a dwelling unit, the use of corridors for conveying return air shall not be prohibited.

ICC Digital Codes Premium
Unlock All Codes and Standards

codes.iccsafe.org

24

Discover Digital Codes Premium

-  **1400+ Premium Codes and Standards (Only available with Premium Complete)**
Search over 600 of the latest I-codes, standards, supplements and commentaries
-  **Offline View (Mobile App Only)**
Download up to 15 code titles
-  **Revision History Tagging**
View full change history and public comments
-  **Significant Code Changes**
View updates and Changes to I-Codes
-  **Highlight and Annotate**
Mark up content, highlight code book content and add annotations
-  **Code Interpretations**
Past committee interpretations on building, residential, fire mechanical, fuel gas, plumbing, energy conservation codes
-  **Code Change Proposal (cdpACCESS)**
View real time code change proposals under consideration across current I-Code titles.
-  **Organize Notes**
Organize thoughts by adding notes, files or videos into relevant code sections
-  **Bookmarking**
Bookmark and tag sections of interest

25

Tools and Features

- Copy, Paste and Print**
Copy, paste and print sections of codes
- Errata postings**
View the latest code corrections and changes
- Favorites Flagging**
Flag any title by building a "Favorites List" of commonly accessed titles for quick reference
- Advanced Search**
Use multiple filters to narrow down search results and identify codes sections more accurately
- Content Search**
Search by a desired term across subscribed titles
- Saved Searches**
Save search criteria for later use without re-entering
- Quick Access**
Find individual sections within your titles
- Share and Collaborate (Concurrent Access)**
Configure license to share access and content simultaneously with others (code titles, section links, bookmarks and notes)

Organizations with content in ICC's Digital Codes Premium Library

(As of November 2021)

27

I have been doing plan reviews for more than 18 years. I like to use ICC Digital Codes Premium for my reviews and find it to be useful when reviewing electronic drawings. Specifically, to ensure I have covered areas that include uncommon occupancies, etc. I use the advanced search tool to uncover hidden specific requirements for the occupancies. The ICC Digital Codes team is also easy to contact for any questions. I highly recommend using ICC Digital Codes Premium.

~ Silva Prabhath, Plan Check Engineer

codes.iccsafe.org

28

What I like the most about ICC Digital Codes Premium is the color coding of significant changes. The new code language is in bold blueprint versus black, and anyone can easily scroll through the codes to see what has changed since the previous edition. This can be done very quickly so that you can identify what is important for you whether you are a builder, designer, engineer, facility manager, or code official.

~Gene Novak, District State Building Inspector

codes.iccsafe.org

31

Which subscription is right for you?

32

Digital Codes Premium Complete Collection

Codes/Standards and supporting references

- Over 1400 codes/standards and related titles, with more being added each week
 - ICC Codes
 - ICC-related standards
 - Select standards from other Standard Developers
 - ICC Commentaries
 - Revision History
 - State/Local Codes
 - California
 - Florida
 - Minnesota
 - New York
 - North Carolina
 - Ohio
 - South Carolina
 - Virginia
 - And more!
- Access to an additional 520+ ASTM standards titles referenced in the 2021 ICC Codes is being added to the Complete Collection

33

Premium Singles	Premium Complete	Premium Collections
Single Premium Titles	Complete Set of Premium Titles and Features	Collection Set of Premium Titles
\$60 - \$120 annually	\$792 annually	\$223 - \$739 annually
Prices Vary by Title	Price for Members \$1,056 annually Introductory Price for Non-Members	Prices Vary by Collection
Browse Singles	Subscribe Now	Browse Collection

34

Digital Codes Premium Subscriptions

- Multiple subscription options exist to fit every user's need. Singles and Collections allow the user to subscribe to just the contents they need while Premium Complete provides access to the industry's largest set of contents and features.
- Member and volume discounts are also available to users.

35

Digital Codes Premium Subscription Licenses

- **Personal use** - the purchasing user is the one who uses the subscription
- **Assigned** - dedicated access assigned to another user. In this case the purchasing user does not have access to the subscription.
- **Concurrent Access (also called Premium for Teams)** - licenses are grouped behind an alphanumeric code as defined by the purchasing user.

37

How to Purchase

- Subscriptions can be purchased directly from the ICC storefront or within Digital Codes
- Member price discounts and volume discounts are available
- Monthly, Annual and 3-year subscription plans are available

38

DCP Enterprise

- Targeted offering for large organizations
- Ease of use for onboarding clients
- Dashboard reporting on user activity
- Notes sharing across all enterprise users
- Flexible authentication methods
- Administrative Tools for Organizations

39

Enterprise vs Concurrent Access

- Primary difference between concurrent access and DCP Enterprise is the guaranteed access.
- With concurrent access, the users who the code is shared with can login to Digital Codes and enter the concurrent code. If all licenses are in use, they do not gain access to the contents and features of the subscription until one of the licenses frees up from another user signing out.

40

How to qualify for Enterprise Pricing

Multi-Volume Discounts for both Member and Non-Members

2 USERS	25%
3-4 USERS	30%
5-9 USERS	40%
10-49 USERS	45%
50-99 USERS	50%
100+ USERS	55%

Inquire about additional savings with a 3-year plan.

43

Changes to the Code Development Process

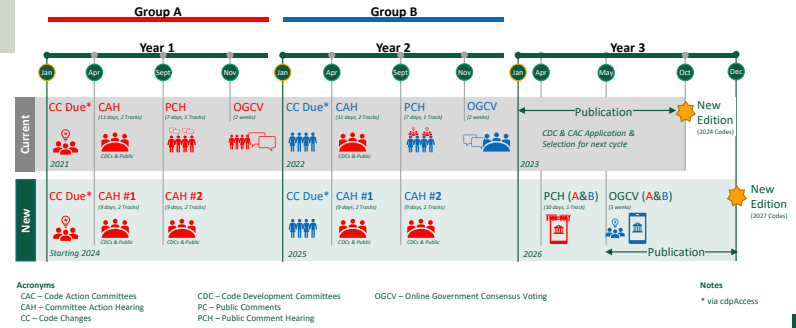

44

Code Development Warmup

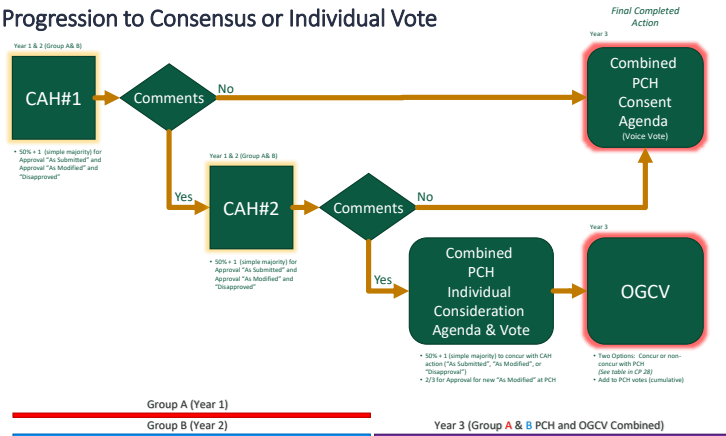

45

Comparison of Process (Current & New) | Simplified

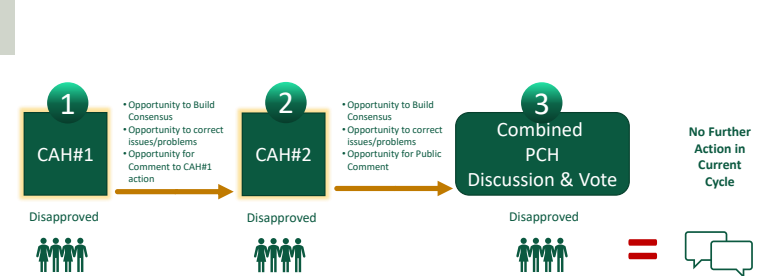

46

Progression to Consensus or Individual Vote

47

3 Strikes Rule

48

49

- Validate Voters
- Attend Hearings (CAH, PCH)
- Watch Hearing Videos
- Vote!
- Submit a Code Change

50

51

Membership Opportunities

Code Council membership offers many opportunities to participate. Members can join membership councils or serve on one of the three leadership boards:

- Code Council Board of Directors
- ICC-ES Board of Managers
- IAS Board of Directors

52

Opportunities to Participate

- Code Development Committees
- Exam Development Committees
- Professional Development Council
 - Education Committee
 - Certification Committee

53

53

ICC Standards Development

- Standards are developed to ensure products, services and building systems are safe, reliable and consistently perform the way they are intended to.
- Development follows Code Council Consensus Procedures which adhere to ANSI's Essential Requirements to become an American National Standard.
- Standards become mandatory when they have been referenced in the I-Codes.

54

54

Key ICC Standards

The Code Council currently has 18 ANSI Approved Standards, with 10+ more in development.

55

55

Building Safety Month

- Building Safety Month is an international campaign that takes place in May to raise awareness about building safety. For more than 40 years, we have celebrated advances in constructing safe, sustainable and affordable buildings and homes.
- This campaign reinforces the need for the adoption of modern, regularly-updated building codes, and helps individuals, families and businesses understand what it takes to create safe and sustainable structures.

www.buildingsafetymonth.org

#BuildingSafety365

56

Annual Conference and Expo

- The Annual Conference and Expo is the MUST attend building safety event of the year.
- The conference features education sessions, building tours, and networking events.
- At the expo, learn from exhibitors ready to share new innovations, products and services.

57

57

Professional Development

The Code Council offers a variety of professional development and training options for every individual at any point in their career.

- ICC Credentialing provides widely-recognized credentials that demonstrate a confirmed commitment to protect public health, safety, and welfare.
- ICC Training offers educational options to earn continuing education units, learning units and/or Professional Development Hours (CEUs, LUs and/or PDHs) that can be used toward Code Council certification renewal.

58

58

Safety 2.0

The Code Council's Safety 2.0 initiative welcomes the next generation of members and leaders to the building safety profession.

The key initiatives of the program include:

- Technical Training Program
- Military Families Career Path Program
- Building Safety Career Path Program
- Mentorship and Leadership Opportunities

ICC Chapter Education Benefit

All Chapters who have completed part one of their Chapter Annual Report are eligible for this benefit.

The Chapter Education Benefit provides Chapters with an education credit redeemable for either one day of ICC training or one day of training from an ICC Preferred Provider (view the [Preferred Provider Manual](#) and [FAQs](#)).

How to use your Chapter Education Benefit (CEB) Day

Option 1: Request one day of training with an ICC instructor

Code Council Training staff will help schedule the training day, provide an instructor, and provide a PDF of any presentation deck that accompanies the course.

Please see Policy & Guidelines below.

[Submit Training Request](#)

Option 2: Receive one day of training from a Preferred Provider

Schedule one day of training directly with a [Preferred Provider](#) and ICC will reimburse your Chapter after the training is completed (up to a maximum of \$1,200).

- Chapters are responsible for scheduling and contracting with the preferred provider. For a listing of preferred providers and courses, [click here](#).
- After completing the training, Chapters must submit a reimbursement form with an invoice and proof of payment within 30 days at the link below.
- For more information on Preferred Providers, see the [Preferred Provider Manual](#) and the [FAQ](#).

[Submit Reimbursement](#)

62
